Woodfield Road, Suite 500, Schaumburg, IL 60173.

#### About AutoCheck

AutoCheck vehicle history reports by Experian Automotive is the leading vehicle history reporting service. With expert data handling, the Experian Automotive database houses over 4 billion records on a half a billion vehicles. Every AutoCheck vehicle history report will give you confidence when buying or selling your next used vehicle, with superior customer service every step of the way.

#### Patent Notice

Certain aspects of this vehicle history report may be covered by U.S. Patent 8,005,759.

---

Here is a list of some major defects that may occur in used vehicles.

**Frame & Body**

Frame-cracks, corrective welds, or rusted through  
Dog tracks—bent or twisted frame

**Engine**

Oil leakage, excluding normal seepage  
Cracked block or head  
Belts missing or inoperable  
Knocks or misses related to camshaft lifters and push rods  
Abnormal exhaust discharge

**Transmission & Drive Shaft**

Improper fluid level or leakage, excluding normal seepage  
Cracked or damaged case which is visible  
Abnormal noise or vibration caused by faulty transmission or drive shaft  
Improper shifting or functioning in any gear  
Manual clutch slips or chatters

**Differential**

Improper fluid level or leakage, excluding normal seepage  
Cracked or damaged housing which is visible  
Abnormal noise or vibration caused by faulty differential

**Cooling System**

Leakage including radiator  
Improperly functioning water pump

**Electrical System**

Battery leakage  
Improperly functioning alternator, generator, battery, or starter

**Fuel System**

Visible leakage

**Inoperable Accessories**

Gauges or warning devices  
Air conditioner  
Heater & Defroster

**Brake System**

Failure warning light broken  
Pedal not firm under pressure (DOT spec.)  
Not enough pedal reserve (DOT spec.)  
Does not stop vehicle in straight line (DOT spec.)  
Hoses damaged  
Drum or rotor too thin (Mfgr. Specs)  
Lining or pad thickness less than 1/32 inch  
Power unit not operating or leaking  
Structural or mechanical parts damaged

**Air Bags**

**Steering System**

Too much free play at steering wheel (DOT specs.)  
Free play in linkage more than 1/4 inch  
Steering gear binds or jams  
Front wheels aligned improperly (DOT specs.)  
Power unit belts cracked or slipping  
Power unit fluid level improper

**Suspension System**

Ball joint seals damaged  
Structural parts bent or damaged  
Stabilizer bar disconnected  
Spring broken  
Shock absorber mounting loose  
Rubber bushings damaged or missing  
Radius rod damaged or missing  
Shock absorber leaking or functioning improperly

**Tires**

Tread depth less than 2/32 inch  
Sizes mismatched  
Visible damage

**Wheels**

Visible cracks, damage or repairs  
Mounting bolts loose or missing

**Exhaust System**

Leakage  
Catalytic Converter

# 2022 Ram 1500 Classic Regular Cab Review

By **Colin Ryan** ⓘ

Updated January 30, 2025

## Pros

- Relatively low pricing
- Highly capable
- Comfortable ride

## Cons

- Short on convenience & safety features
- Newer rivals have stronger resale values
- Been around since 2009

## What's New?

- There are no changes this year

The 2022 Ram 1500 Classic is the [full-size pickup](#) that's too good to be discontinued. What usually happens with vehicles is that when a new generation comes along, the previous one takes a dignified bow and is never seen again.

However, [Ram](#) has decided that there's still plenty of mileage in the fourth-generation Ram 1500, even as it makes and sells the fifth-generation model — which went on sale four years ago. And crucially, people are still buying it, even though it was introduced for the 2009 model year. To differentiate the two generations, Ram calls this one the Classic. It's also cheaper than its more modern stablemate.

Like other pickup ranges, the Ram 1500 Classic offers different cab sizes, bed lengths (only the 2-door regular cab offers the longest 8-foot bed), V6 or V8 engines, 4-wheel drive or rear-wheel drive, and a choice of trim levels.

Trucks like the Chevy Silverado, Ford F-150, and the fifth-generation Ram 1500 have a greater number of permutations while offering higher levels of luxury. But for a simple and effective work truck, perhaps all that's needed are a few well-chosen selections.

What's the difference between a Quad Cab and a Crew Cab? The Quad has two seating rows and a 74-inch bed behind it. The Crew also has two rows of seats, plus a pair of standard-sized rear passenger doors and better rear legroom than the Quad. But the only bed length available with the Crew is 67 inches. So potential buyers need to know if cargo is the top priority or how often the Ram 1500 Classic will be taking a team of workers to a job.

## 2022 Ram 1500 Classic Regular Cab Price

	Original MSRP	KBB Fair Purchase Price (national avg.)
<a href="#">Tradesman Pickup 2D 6 1/3 ft</a>	\$32,130	\$15,700
<a href="#">Express Pickup 2D 6 1/3 ft</a>	\$32,130	\$16,650
<a href="#">SLT Pickup 2D 6 1/3 ft</a>	\$38,405	\$19,700
<a href="#">SLT Pickup 2D 8 ft</a>	\$38,705	\$19,900
<a href="#">Tradesman Pickup 2D 8 ft</a>	\$39,590	\$20,300

The Kelley Blue Book Fair Purchase Price for any individual used vehicle can vary greatly according to mileage, condition, location, and other factors. The prices here reflect what buyers are currently paying for used 2022 Ram 1500 Classic Regular Cab models in typical condition when purchasing from a dealership. These prices are updated weekly.

### Driving the Ram 1500 Classic Regular Cab

Coil springs. A Ram specialty. They're the special ingredient that gives the Ram 1500 Classic a particularly smooth and comfortable ride. Regardless of whether there's a load in the bed or not. The same cannot be said of trucks that have those old-school leaf springs at the back.

That's more of a bonus than a deal-maker, though. As is the smooth 8-speed automatic transmission. Things like capability are more important.

The standard 305-horsepower V6 can certainly cope with most of the demands made of a half-ton pickup. The total payload of the 2022 Ram 1500 Classic is 1,930 pounds, which can be achieved with a rear-drive, Quad Cab model running the V6.

Towing is another story. To achieve the Ram 1500's maximum ability of 10,610 pounds definitely requires the V8 in something like a rear-drive Regular Cab version. It's that engine's 410 lb-ft of torque making the difference.

### Interior Comfort

It's in this department that the word "classic" seems rather appropriate. Certainly in Tradesman trim. We're thinking more in terms of washable, durable, and unassuming.

The steering column adjusts only for height, not reach. The Regular Cab seats three across a bench seat. The Quad Cab takes six occupants, and rear passengers get in and out through a pair of small doors. Rear legroom is 34.7 inches, the kind of space a compact car would have. The Crew Cab has 40.3 inches of rear legroom, more than most midsize sedans.

It's a bearable cabin in general, though, and relatively quiet for the class. Things like air conditioning controls are nice and large, easily operated while wearing gloves. And the center console houses three large cup holders.

### Exterior Styling

This is the fourth generation of Ram 1500. It's the one with the plus sign (but with longer "arms") on the grille. It still looks tough and business-like, though, ready to get to whatever task an owner needs accomplishing.

In keeping with its basic status, Tradesman trim comes with 17-inch steel wheels and not much else in the way of adornment beyond a few chrome pieces. Express trim brings 17-inch alloy wheels, fog lights, plus a body-colored grille and bumpers.

Warlock adds black exterior elements, including 20-inch alloy wheels. But things are brightened up by halogen projector headlights. White and red are no-cost paint choices. The rest cost extra, from \$100 to \$450.

### Favorite Features

#### RAMBOX

The RamBox cargo management system is a useful option. It includes four adjustable tie-down hooks, bed divider/extender, lockable compartments, and LED bed lighting.

Vinyl flooring, vinyl upholstery, manual windows/locks/mirrors, AM/FM radio, and a 5-inch infotainment display are some indication of how workmanlike the base Tradesman trim of the 2022 Ram 1500 Classic can be.

On a more positive note, it does have an excellent V6 engine, Bluetooth, three USB ports, and a locking tailgate. Back on the negative side, there are no driver assistance features like forward-collision warning. Not even on the options list.

### Factory Options

The other rungs on the 2022 Ram 1500 Classic's trim ladder are Express and Warlock. It's not until we reach Warlock level (is someone at Ram a Dungeons & Dragons fan?) that cloth upholstery makes it into the cabin. Warlock isn't available with the Regular cab. This trim has heated/power-adjustable side mirrors, and power windows as well.

Buyers may choose the larger Quad or Crew cabs, the V8 engine, 4-wheel drive, limited-slip rear differential, trailer equipment, larger gas tank, 115-volt outlet, side steps, LED bed lighting, tonneau cover, rear sliding window, spray-in bed liner, and the RamBox cargo management system.

Extra convenience features include a 10-way power-adjustable driver's seat, carpeting, satellite radio, and a CD player. Warlock trim also offers a heated steering wheel, heated front seats, and all-terrain tires.

### Engine & Transmission

The base engine for the 2022 Ram 1500 Classic is a 3.6-liter V6 generating 305 horsepower and 269 lb-ft of torque. The Ram/Jeep/Chrysler group uses this unit in many of its vehicles and it's a strong performer.

The more muscular alternative is a 5.7-liter V8 making 395 horsepower and 410 lb-ft of torque, which would be the choice if there was some serious towing to do. This is another well-regarded engine.

In both cases, an 8-speed automatic transmission is employed. Rear-wheel drive (RWD) is the standard setup. Four-wheel drive (4WD) is optional. Thermal and aerodynamic efficiency is optimized by standard-issue active grille shutters.

The V6 is fine with regular 87-octane gasoline. Ram recommends using 89-octane in the V8.

3.6-liter V6  
305 horsepower @ 6,400 rpm  
269 lb-ft of torque @ 6,175 rpm  
EPA city/highway fuel economy: 17/25 mpg (RWD), 16/23 mpg (AWD)

5.7-liter V8  
395 horsepower @ 5,600 rpm  
410 lb-ft of torque @ 3,950 rpm  
EPA city/highway fuel economy: 15/21 mpg (RWD & AWD)

Style	Trade-In Value	Private Party Value	Fair Purchase Price
<a href="#">Tradesman Pickup 2D 8 ft</a>	\$15,150	\$19,050	\$20,300

Values above are based on "Good" condition vehicles [🔗](#). Estimated Trade-In Values range from about \$13,050 to \$15,150 depending on vehicle style. Estimated Private Party Values range from about \$14,800 to \$19,050 depending on vehicle style. Values and prices are based on national averages and typical mileage for this model, but they can vary greatly according to mileage, condition, location, and other factors. Valid through 5/21/2026.

### Trade-In Value

Trade-In Value is the amount you can expect to receive this week when trading in your vehicle at a dealership.

### Private Party Value

Private Party Value is the fair price you can expect when selling your car to an individual, not to a dealer.

### Fair Purchase Price

Fair Purchase Price shows what others in your area are actually paying for this vehicle.

### 2022 Ram 1500 Classic Regular Cab Annual Depreciation ⓘ

Year	Vehicle Depreciation*	Resale Value	Trade-In Value
2023	-	\$32,967	\$29,877
2024	\$11,101	\$21,866	\$18,545
2025	\$2,672	\$19,194	\$16,000
Now	\$4,394	\$14,800	\$13,050
2027	\$3,023	\$11,777	\$10,384
2028	\$1,641	\$10,136	\$8,938

\*Depreciation for the last 12 months of the private party resale value.

### 2022 Ram 1500 Classic Regular Cab Depreciation

Annual Depreciation is an estimation of what your vehicle's value might be over time based on an average of similar vehicles. Estimations are calculated by comparing Kelley Blue Book Private Party Values of vehicles similar to yours over time, as well as forecasts from Manheim Auction data comparing current and projected auction values against current Kelley Blue Book Private Party and Trade-In Values. This is not a guarantee of actual depreciation. Local weather conditions, market factors and driver performance will also impact your vehicle's actual depreciation.

# 2022 Ram 1500 Classic Regular Cab Safety

## Safety Features & Technology

### Rearview camera

Safety technology doesn't make a strong showing in the 2022 Ram 1500 Classic, so it's a question of appreciating the mandatory features. Like this rearview camera that clicks into action when the driver puts the truck into reverse and shows its feed on the infotainment display.

### Tire pressure monitoring system

Also mandatory, but possibly of greater use to someone who drives their vehicle over rough surfaces regularly, like a pickup driver. An early warning of low tire pressure can save a lot of problems further down the road.

### ParkSense Rear Park-Assist System

Otherwise known as rear parking sensors. They beep with growing urgency as the truck reverses closer and closer to a possible hazard. Standard in Warlock trim.
