2022 Kia Stinger Review

By **Colin Ryan**
Updated January 30, 2025

Pros

Great performance for the price
Powerful engines
Sharp style
Optional all-wheel drive
10-year/100,000-mile powertrain warranty

Cons

European sport sedans still have the handling edge
Those rivals also enjoy greater prestige
Like Euro rivals, though, the Stinger can get pricey

What's New?

More power
Bigger infotainment touchscreen
Driver aids now standard
New LED headlights and taillights
Cabins gain gloss-black and chrome accents
Scorpion Special Edition makes its debut

The Kia Stinger greets 2022 with a few revisions — namely, a new more powerful base engine and a sharper exterior look.

2022 Kia Stinger Depreciation

Annual Depreciation is an estimation of what your vehicle's value might be over time based on an average of similar vehicles. Estimations are calculated by comparing Kelley Blue Book Private Party Values of vehicles similar to yours over time, as well as forecasts from Manheim Auction data comparing current and projected auction values against current Kelley Blue Book Private Party and Trade-In Values. This is not a guarantee of actual depreciation. Local weather conditions, market factors and driver performance will also impact your vehicle's actual depreciation.

2022 Kia Stinger Safety

Safety Features & Technology

Forward-collision avoidance with pedestrian/cyclist detection and junction turning

Newly standard in the entry-level GT-Line trim, this system includes automatic emergency braking if the driver fails to respond in time to visual and audible alerts. If necessary, it can bring the Stinger to a complete stop. It also intervenes if it's unsafe to turn left at an intersection because of oncoming traffic that the driver might not have noticed.

Safe Exit Warning

Also standard across the 2022 Stinger range. Even when the car is parked and the ignition turned off, this feature still keeps an eye out for any possible hazard that might be approaching. If there is potential for catastrophe, it warns occupants not to open the doors.

Brake Fade Compensation

This could be more useful for anyone taking their 2022 Stinger on the track for a few fast laps. If the braking system's stopping power is affected by heat, extra force is applied automatically. It's another standard feature throughout the lineup.

Headlights

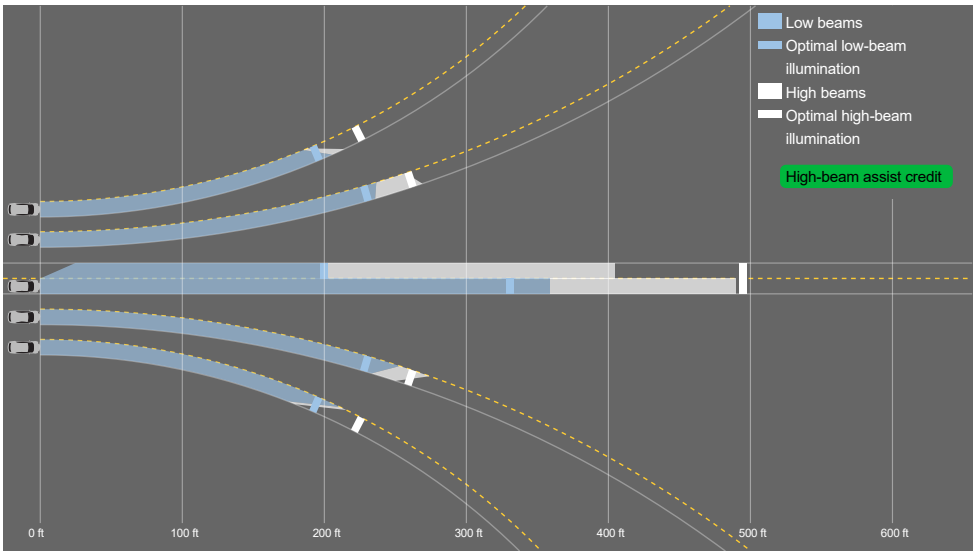

Ratings are given for **2 different headlight variations** available on this vehicle.

(1) Trim level(s): GT-Line trim, GT1 trim

Low-beam headlight type	LED reflector
High-beam headlight type	LED reflector
Curve-adaptive?	No
High-beam assist?	Yes

Overall rating **G**

Distance at which headlights provide at least 5 lux illumination:

Low beams
On the straightaway, visibility was good on both sides of the road. On curves, visibility was good in all 4 tests.

The low beams never exceeded glare limits.

High beams
On the straightaway, visibility was good on the right side of the road and inadequate on the left side. On curves, visibility was good on the gradual left and gradual right curves and fair on the sharp left and sharp right curves.

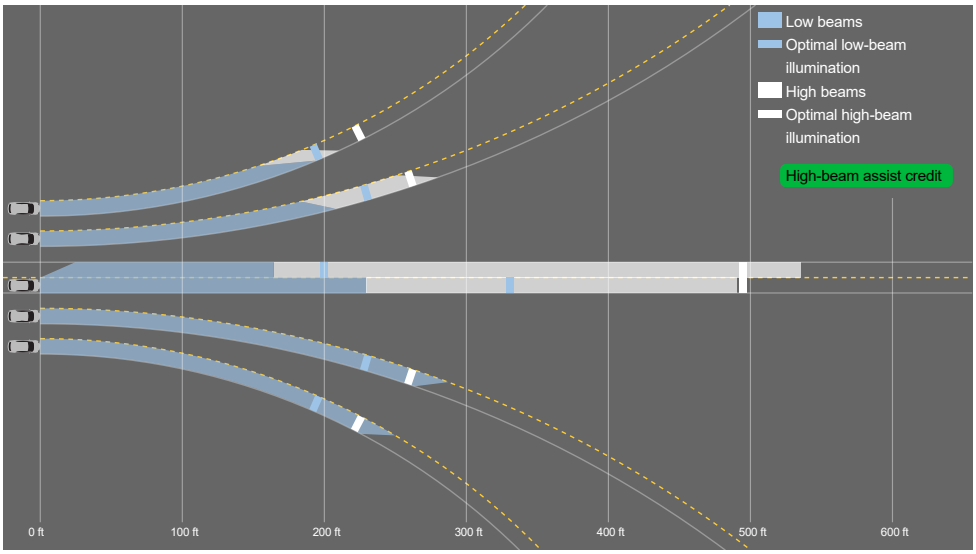

High-beam assist compensates for some limitations of this vehicle's low beams on the sharp left curve and on the sharp right curve.

Making roads and vehicles safer for everyone.

The **Insurance Institute for Highway Safety (IIHS)** is an independent, nonprofit scientific and educational organization dedicated to reducing deaths, injuries and property damage from motor vehicle crashes through research and evaluation and through education of consumers, policymakers and safety professionals.

The **Highway Loss Data Institute (HLDI)** shares and supports this mission through scientific studies of insurance data representing the human and economic losses resulting from the ownership and operation of different types of vehicles and by publishing insurance loss results by vehicle make and model.

Both organizations are wholly supported by these auto insurers and insurance associations.
