† This odometer reading is inconsistent with the odometer history. This could be due to a typographical, clerical, or rounding error and does not necessarily represent an odometer rollback by itself. If we receive additional odometer history that corroborates an odometer rollback, this display may change and that may impact other aspects of this report and the vehicle's qualifications.

Warranty Check

To see your estimated warranty coverage details, please enter a mileage reading below. The warranty coverage shown is an estimate using the best available in-service date, the mileage reading you enter, and warranty information. Experian AutoCheck does not guarantee coverage, please verify these results and coverage details with an authorized dealership.

AutoCheck Terms and Conditions

This report, and any reliance upon it, is subject to **AutoCheck Terms and Conditions**. If you obtained the report from a lender/dealer, the lender/dealer has been provided with these Terms and Conditions and can share them with you. These AutoCheck Terms and Conditions are also available at any time at www.autocheck.com/terms or by writing to Experian: Experian Automotive C/O AutoCheck Customer Service 1515 E. Woodfield Road, Suite 500, Schaumburg, IL 60173.

About AutoCheck

AutoCheck vehicle history reports by Experian Automotive is the leading vehicle history reporting service. With expert data handling, the Experian Automotive database houses over 4 billion records on a half a billion vehicles. Every AutoCheck vehicle history report will give you confidence when buying or selling your next used vehicle, with superior customer service every step of the way.

Patent Notice

Certain aspects of this vehicle history report may be covered by U.S. Patent 8,005,759.

Here is a list of some major defects that may occur in used vehicles.

Frame & Body
- Frame-cracks, corrective welds, or rusted through
- Dog tracks—bent or twisted frame

Engine
- Oil leakage, excluding normal seepage
- Cracked block or head
- Belts missing or inoperable
- Knocks or misses related to camshaft lifters and push rods
- Abnormal exhaust discharge

Transmission & Drive Shaft
- Improper fluid level or leakage, excluding normal seepage
- Cracked or damaged case which is visible
- Abnormal noise or vibration caused by faulty transmission or drive shaft
- Improper shifting or functioning in any gear
- Manual clutch slips or chatters

Differential
- Improper fluid level or leakeage, excluding normal seepage
- Cracked of damaged housing which is visible
- Abnormal noise or vibration caused by faulty differential

Cooling System
- Leakage including radiator
- Improperly functioning water pump

Electrical System
- Battery leakage
- Improperly functioning alternator, generator, battery, or starter

Fuel System
- Visible leakage

Inoperable Accessories
- Gauges or warning devices
- Air conditioner
- Heater & Defroster

Brake System
- Failure warning light broken
- Pedal not firm under pressure (DOT spec.)
- Not enough pedal reserve (DOT spec.)
- Does not stop vehicle in straight line (DOT spec.)
- Hoses damaged
- Drum or rotor too thin (Mfgr. Specs)
- Lining or pad thickness less than 1/32 inch
- Power unit not operating or leaking
- Structural or mechanical parts damaged

Air Bags

Steering System
- Too much free play at steering wheel (DOT specs.)
- Free play in linkage more than 1/4 inch
- Steering gear binds or jams
- Front wheels aligned improperly (DOT specs.)
- Power unit belts cracked or slipping
- Power unit fluid level improper

Suspension System
- Ball joint seals damaged
- Structural parts bent or damaged
- Stabilizer bar disconnected
- Spring broken
- Shock absorber mounting loose
- Rubber bushings damaged or missing
- Radius rod damaged or missing
- Shock absorber leaking or functioning improperly

Tires
- Tread depth less than 2/32 inch
- Sizes mismatched
- Visible damage

Wheels
- Visible cracks, damage or repairs
- Mounting bolts loose or missing

Exhaust System
- Leakage
- Catalytic Converter

*"Excellent" - 3% of all cars we value meet this criteria. This car looks new and is in excellent mechanical condition. It has never had paint or bodywork and has an interior and body free of wear and visible defects. The car is rust-free and does not need reconditioning. Its clean engine compartment is free of fluid leaks. It also has a clean title history, has complete and verifiable service records.

2020 Jeep Cherokee Review

By **Joe Tralongo**
Updated September 21, 2020

Pros

- A compact SUV with real off-road ability
- V6 & turbo-4 engine options
- Outstanding high-tech features
- Standard safety features

Cons

- Average reliability & resale
- Underpowered base engine
- Small cargo hold
- Pricing more expensive than some rivals

What's New?

- Expanded availability of Advanced Safety Group
- Alexa Skills technology available on Uconnect 4
- 17-inch aluminum wheels on Latitude model
- New colors: Sangria and Spitfire Orange

2020 Jeep Cherokee Values and Prices

Style	Trade-In Value	Private Party Value	Fair Purchase Price
Latitude Plus Sport Utility 4D	$11,300	$13,750	$15,250
Latitude Sport Utility 4D	$10,450	$14,100	$15,650
Altitude Sport Utility 4D	$10,350	$14,150	$15,700
Limited Sport Utility 4D	$10,950	$14,800	$16,400
Lux Sport Utility 4D	$9,575	$14,600	$16,200
TrailHawk Sport Utility 4D	$9,650	$15,400	$17,100
North Sport Utility 4D	$9,175	$15,150	$16,800
Upland Sport Utility 4D	$10,300	$15,550	$17,250
High Altitude Sport Utility 4D	$11,350	$16,000	$17,750
TrailHawk Elite Sport Utility 4D	$11,350	$17,000	$18,850

Values above are based on "Good" condition vehicles ⓘ. Estimated Trade-In Values range from about $9,175 to $11,350 depending on vehicle style. Estimated Private Party Values range from about $13,750 to $17,000 depending on vehicle style. Values and prices are based on national averages and typical mileage for this model, but they can vary greatly according to mileage, condition, location, and other factors. Valid through 10/22/2026.

Trade-In Value

Trade-In Value is the amount you can expect to receive this week when trading in your vehicle at a dealership.

Private Party Value

Private Party Value is the fair price you can expect when selling your car to an individual, not to a dealer.

Fair Purchase Price

Fair Purchase Price shows what others in your area are actually paying for this vehicle.

*Depreciation for the last 12 months of the private party resale value.

2020 Jeep Cherokee Depreciation

Annual Depreciation is an estimation of what your vehicle's value might be over time based on an average of similar vehicles. Estimations are calculated by comparing Kelley Blue Book Private Party Values of vehicles similar to yours over time, as well as forecasts from Manheim Auction data comparing current and projected auction values against current Kelley Blue Book Private Party and Trade-In Values. This is not a guarantee of actual depreciation. Local weather conditions, market factors and driver performance will also impact your vehicle's actual depreciation.

2020 Jeep Cherokee Safety

Safety Features & Technology

Rearview Monitor

One of the most helpful features on a vehicle with a high back end and narrow windows is the rearview monitor. Standard on the 2020 Jeep Cherokee, a rear camera projects a clear image onto the color touch-screen display, allowing the driver to see obstacles not picked up by the rearview mirror.

Blind-spot Monitor and Rear Cross Path Detection

Another standard feature optional on most competitors, the blind-spot monitor alerts a driver changing lanes of traffic in the vehicle's blind-spot. Rear cross-path detection looks for traffic about to cross the vehicle's rear bumper, which is helpful when backing out of a parking space with limited lateral vision.

Advanced Safety Group

This optional package is available on the Latitude, Latitude Plus, Limited and Overland. The package includes lane-departure warning, forward-collision warning and rain-sensing wipers. Limited and Overland models can be equipped with further accident-avoidance systems including adaptive cruise control, automatic high beams and full-speed automatic emergency braking.

FAQs

How much is the Jeep Cherokee lease?

Jeep constantly offers incentive and lease deals on the Cherokee, especially around year end when the new models come out. A typical lease we found runs around $375 a month for a Cherokee Latitude Plus with no options added. At signing $2,889 is due and the term is 48 months.

Can the 2020 Jeep Cherokee go off-road?

Yes. Even the most basic 4×4 model has enough ground clearance to manage light off-road situations. However, only the Trailhawk model is Trail Rated, meaning it can tackle a series of tough off-road and winter-weather obstacles such as deep water, deep snow, rocks and loose sand. The Trailhawk also offers a more advanced all-wheel-drive system as well as skidplate protection, better approach and departure angles and tow hooks.

Is the 2020 Jeep Cherokee reliable?

In looking over ratings and consumer sites, past Jeep Cherokees have had their share of issues, although the current model ranks about average in the J.D. Power survey. The Honda CR-V, Subaru Forester and Toyota RAV4 all hold better ratings as well as resale figures.

What's the difference between a Cherokee and a Grand Cherokee?

Although they share a similar name, the 2020 Jeep Cherokee shares nothing in common with the Grand Cherokee. The Grand Cherokee is larger, more powerful and more expensive. It's not all that much roomier inside and, like the Cherokee, only seats five.

What is the MPG for a 2020 Jeep Cherokee?

2020 Jeep Cherokee city/highway fuel economy ratings range from 18/24 mpg to 19/27 mpg, depending on trim and equipment.

How much should a 2020 Jeep Cherokee cost?

Used 2020 Jeep Cherokee prices currently range from $15,250 for the Latitude Plus Sport Utility 4D to $18,850 for the TrailHawk Elite Sport Utility 4D when purchasing from a dealership, depending on a range of factors like equipment, mileage, and condition.

What's the cheapest Jeep Cherokee?

The cheapest 2020 Jeep Cherokee is the Latitude Plus Sport Utility 4D, with a Kelley Blue Book Fair Purchase Price of $15,250.

Key

G	Good	Superior
A	Acceptable	Advanced
M	Marginal	Basic
P	Poor	

Some ratings use a scale of Poor to Good. Others range from Basic to Superior.

Small overlap front: driver-side

Tested vehicle: **2019 Jeep Cherokee Latitude 4-door 4wd**

Rating applies to 2019-23 models built after April 2018

The Jeep Cherokee was re-engineered and restyled for the 2019 model year. Beginning with the 2019 model year, the A-pillars, front door hinge pillars, and door sills were modified to improve occupant protection in moderate overlap and small overlap frontal crashes.

Beginning with 2019 models built after April 2018, the driver seat belt was modified to further improve protection in small overlap frontal crashes. (Information about when a specific vehicle was manufactured is on the certification label typically affixed to the car on the driver door or adjacent B-pillar.)

Overall evaluation	**G**
Structure and safety cage	**G**
Driver injury measures	
Head/neck	**G**
Chest	**G**

Hip/thigh	**G**
Lower leg/foot	**G**
Driver restraints and dummy kinematics	**G**

Action shot taken during the driver-side small overlap frontal crash test.

The dummy's position in relation to the door frame, steering wheel, and instrument panel after the crash test indicates that the driver's survival space was maintained very well.

The frontal and side curtain airbags worked well together to keep the head from coming close to any stiff structure or outside objects that could cause injury.

The driver's space was maintained well, and risk of injuries to the dummy's legs and feet was low.

▶ Technical measurements for this test

Small overlap front: passenger-side

Tested vehicle: **2019 Jeep Cherokee Latitude Plus 4-door 4wd**

Rating applies to 2019-23 models

The Jeep Cherokee was re-engineered and restyled for the 2019 model year. Beginning with the 2019 model year, the A-pillars, front door hinge pillars, and door sills were modified to improve occupant protection in moderate overlap and small overlap frontal

crashes.

Passenger-side small overlap frontal ratings are assigned by the Institute based on a test conducted by Fiat Chrysler.

Side: original test

Tested vehicle: **2019 Jeep Cherokee Latitude 4-door 4wd with standard front and rear head curtain airbags, front seat-mounted torso airbags, and rear seat-mounted pelvis airbags**
Rating applies to 2014-23 models

The Jeep Cherokee was re-introduced for the 2014 model year after last being sold in the U.S. as a 2001 model. Beginning with the 2019 model year, the Cherokee was re-engineered and restyled, but no changes affecting side crashworthiness were made. Therefore the results of two side tests of the Cherokee were combined, one of a 2014 model by the Institute and the other of a 2019 model by Fiat Chrysler. Ratings are based on both tests, but the vehicle specifications shown below are based on Fiat Chrysler's test.

Headlights

Ratings are given for **2 different headlight variations** available on this vehicle.

(1) Trim level(s): Trailhawk trim equipped with Technology Group package, Limited trim equipped with Technology Group package, High Altitude trim equipped with Technology Group package, Trailhawk Elite trim equipped with Technology Group package, Overland trim equipped with Technology Group package

Low-beam headlight type	LED projector
High-beam headlight type	LED projector
Curve-adaptive?	No
High-beam assist?	Yes
Overall rating	**A**

Distance at which headlights provide at least 5 lux illumination:

Low beams

On the straightaway, visibility was fair on the left side of the road and inadequate on the right side. On curves, visibility was good on both right curves, fair on the sharp left curve and inadequate on the gradual left curve.

The low beams never exceeded glare limits.

High beams

On the straightaway, visibility was good on the right side of the road and inadequate on the left side. On curves, visibility was fair on both right curves and inadequate on both left curves.

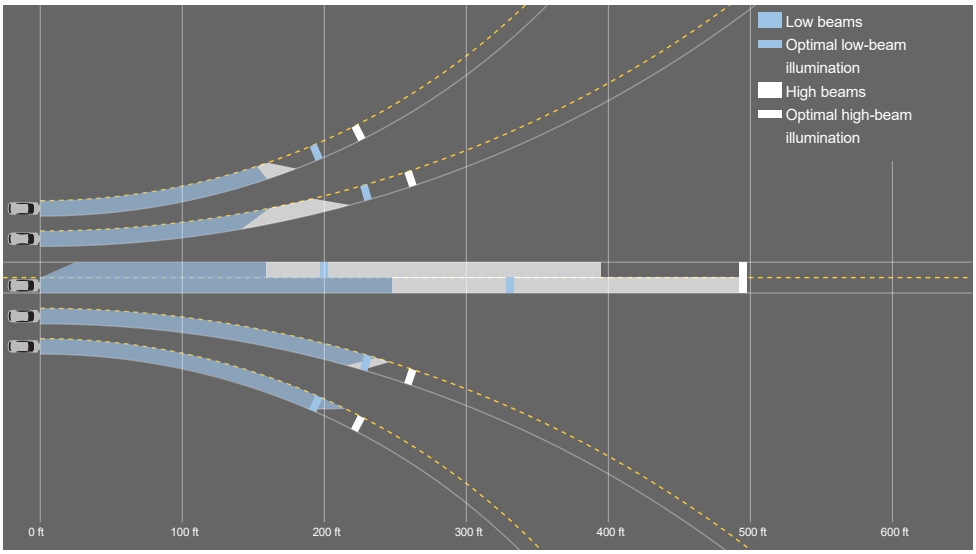

High-beam assist compensates for some limitations of this vehicle's low beams on the straightaway and all 4 curves.

▶ Technical measurements for this test

(2) Trim level(s): Latitude trim, Latitude Plus trim, Upland trim, Altitude trim, Limited trim, High Altitude trim, Trailhawk trim, Trailhawk Elite trim, Overland trim

Low-beam headlight type	LED projector
High-beam headlight type	LED projector
Curve-adaptive?	No
High-beam assist?	No
Overall rating	**M**

Distance at which headlights provide at least 5 lux illumination:
