*"Excellent" - 3% of all cars we value meet this criteria. This car looks new and is in excellent mechanical condition. It has never had paint or bodywork and has an interior and body free of wear and visible defects. The car is rust-free and does not need reconditioning. Its clean engine compartment is free of fluid leaks. It also has a clean title history, has complete and verifiable service records.

2021 Jeep Cherokee Review

By **Colin Ryan** ⓘ
Updated January 30, 2025

Pros

- Real off-road ability
- V6 & turbo-4 engine options
- Outstanding high-tech features
- Many standard safety features

Cons

- Average reliability & resale value
- Under-powered base engine
- Small cargo area
- More expensive than some rivals

What's New?

- A new mid-range Latitude Lux trim is introduced
- An 80th Anniversary Edition based on this new trim also debuts
- Previously optional driver aids are now standard throughout
- The luxury Overland trim has been discontinued

2021 Jeep Cherokee Values and Prices

Style	Trade-In Value	Private Party Value	Fair Purchase Price
Latitude Sport Utility 4D	$11,850	$14,650	$15,900
Altitude Sport Utility 4D	$11,350	$15,550	$16,900
Latitude Plus Sport Utility 4D	$11,700	$15,450	$16,850
Latitude Lux Sport Utility 4D	$11,700	$15,650	$17,000
TrailHawk Sport Utility 4D	$12,450	$15,600	$17,000
Freedom Sport Utility 4D	$13,400	$16,000	$17,400
Limited Sport Utility 4D	$12,950	$16,950	$18,450
80th Anniversary Edition Sport Utility 4D	$11,800	$16,750	$18,250
High Altitude Sport Utility 4D	$12,250	$17,350	$18,850

Values above are based on "Good" condition vehicles ⓘ. Estimated Trade-In Values range from about $11,350 to $13,400 depending on vehicle style. Estimated Private Party Values range from about $14,650 to $17,350 depending on vehicle style. Values and prices are based on national averages and typical mileage for this model, but they can vary greatly according to mileage, condition, location, and other factors. Valid through 10/23/2026.

Trade-In Value

Trade-In Value is the amount you can expect to receive this week when trading in your vehicle at a dealership.

Private Party Value

Private Party Value is the fair price you can expect when selling your car to an individual, not to a dealer.

Fair Purchase Price

Fair Purchase Price shows what others in your area are actually paying for this vehicle.

*Depreciation for the last 12 months of the private party resale value.

2021 Jeep Cherokee Depreciation

Annual Depreciation is an estimation of what your vehicle's value might be over time based on an average of similar vehicles. Estimations are calculated by comparing Kelley Blue Book Private Party Values of vehicles similar to yours over time, as well as forecasts from Manheim Auction data comparing current and projected auction values against current Kelley Blue Book Private Party and Trade-In Values. This is not a guarantee of actual depreciation. Local weather conditions, market factors and driver performance will also impact your vehicle's actual depreciation.

2021 Jeep Cherokee Safety

Safety Features & Technology

Rearview Monitor

This is always helpful, especially in a vehicle with a high back end and narrow windows. Now standard in all new cars and crossovers, a rear camera feeds a clear image into the full-color touchscreen, allowing the driver to see obstacles not shown in the rearview mirror. The Cherokee's version also has dynamic grid lines.

Blind-spot monitoring with rear cross-traffic alert

A standard feature in the Cherokee that's often optional elsewhere, this system alerts a driver changing lanes of any vehicles in the Cherokee's blind spots. Rear cross-traffic alert warns of any vehicles approaching the Cherokee's tail at right angles, which is helpful when backing out of a parking space with limited vision on either side.

Advanced Safety Group

This previously optional package is now standard in the 2021 Cherokee. It includes full-speed forward-collision mitigation with automatic emergency braking, lane departure/lane-keeping assistance, automatic on/off headlights, and rain-sensing wipers. Limited trim has automatic high beams and adaptive cruise control.

FAQs

Can the 2021 Jeep Cherokee go off-road?

Yes. Even the most basic 4×4 model has sufficient ground clearance to manage light off-road situations. However, only the Trailhawk model is what Jeep calls Trail Rated, meaning it can tackle a series of tough off-road and winter-weather obstacles such as deep water, deep snow, rocks, and loose sand. The Trailhawk also has a more advanced all-wheel-drive system as well as protective skidplates, tow hooks, and approach and departure angles better suited to off-roading.

Is the 2021 Jeep Cherokee reliable?

Checking over ratings and consumer sites, past Jeep Cherokees have had their share of issues. However, the current model ranks about average in the J.D. Power survey. The Honda CR-V, Subaru Forester, and Toyota RAV4 all enjoy better ratings as well as stronger resale figures.

What's the difference between a Cherokee and a Grand Cherokee?

The Grand Cherokee is larger, more powerful, and more expensive. It's not much roomier inside, though. And, like the Cherokee, only seats five.

What is the MPG for a 2021 Jeep Cherokee?

2021 Jeep Cherokee city/highway fuel economy ratings range from 18/24 mpg to 21/29 mpg, depending on trim and equipment.

How much should a 2021 Jeep Cherokee cost?

Used 2021 Jeep Cherokee prices currently range from $15,900 for the Latitude Sport Utility 4D to $18,850 for the High Altitude Sport Utility 4D when purchasing from a dealership, depending on a range of factors like equipment, mileage, and condition.

What's the cheapest Jeep Cherokee?

The cheapest 2021 Jeep Cherokee is the Latitude Sport Utility 4D, with a Kelley Blue Book Fair Purchase Price of $15,900.

Key

G	Good	Superior
A	Acceptable	Advanced
M	Marginal	Basic
P	Poor	

Some ratings use a scale of Poor to Good. Others range from Basic to Superior.

Small overlap front: driver-side

Tested vehicle: **2019 Jeep Cherokee Latitude 4-door 4wd**
Rating applies to 2019-23 models built after April 2018

The Jeep Cherokee was re-engineered and restyled for the 2019 model year. Beginning with the 2019 model year, the A-pillars, front door hinge pillars, and door sills were modified to improve occupant protection in moderate overlap and small overlap frontal crashes.

Beginning with 2019 models built after April 2018, the driver seat belt was modified to further improve protection in small overlap frontal crashes. (Information about when a specific vehicle was manufactured is on the certification label typically affixed to the car on the driver door or adjacent B-pillar.)

Overall evaluation	**G**
Structure and safety cage	**G**
Driver injury measures	
Head/neck	**G**
Chest	**G**
Hip/thigh	**G**
Lower leg/foot	**G**
Driver restraints and dummy kinematics	**G**

Action shot taken during the driver-side small overlap frontal crash test.

The dummy's position in relation to the door frame, steering wheel, and instrument panel after the crash test indicates that the driver's survival space was maintained very well.

The frontal and side curtain airbags worked well together to keep the head from coming close to any stiff structure or outside objects that could cause injury.

The driver's space was maintained well, and risk of injuries to the dummy's legs and feet was low.

▶ Technical measurements for this test

Small overlap front: passenger-side

Tested vehicle: **2019 Jeep Cherokee Latitude Plus 4-door 4wd**

Rating applies to 2019-23 models

The Jeep Cherokee was re-engineered and restyled for the 2019 model year. Beginning with the 2019 model year, the A-pillars, front door hinge pillars, and door sills were modified to improve occupant protection in moderate overlap and small overlap frontal

crashes.

Passenger-side small overlap frontal ratings are assigned by the Institute based on a test conducted by Fiat Chrysler.

Side: original test

Tested vehicle: **2019 Jeep Cherokee Latitude 4-door 4wd with standard front and rear head curtain airbags, front seat-mounted torso airbags, and rear seat-mounted pelvis airbags**
Rating applies to 2014-23 models

The Jeep Cherokee was re-introduced for the 2014 model year after last being sold in the U.S. as a 2001 model. Beginning with the 2019 model year, the Cherokee was re-engineered and restyled, but no changes affecting side crashworthiness were made. Therefore the results of two side tests of the Cherokee were combined, one of a 2014 model by the Institute and the other of a 2019 model by Fiat Chrysler. Ratings are based on both tests, but the vehicle specifications shown below are based on Fiat Chrysler's test.

Headlights

Ratings are given for **2 different headlight variations** available on this vehicle.

(1) Trim level(s): Trailhawk trim equipped with Technology Group package, Limited trim, High Altitude trim

Low-beam headlight type	LED projector
High-beam headlight type	LED projector
Curve-adaptive?	No
High-beam assist?	Yes
Overall rating	**A**

Distance at which headlights provide at least 5 lux illumination:

Low beams

On the straightaway, visibility was fair on the left side of the road and inadequate on the right side. On curves, visibility was good on both right curves, fair on the sharp left curve and inadequate on the gradual left curve.

The low beams never exceeded glare limits.

High beams

On the straightaway, visibility was good on the right side of the road and inadequate on the left side. On curves, visibility was fair on both right curves and inadequate on both left curves.

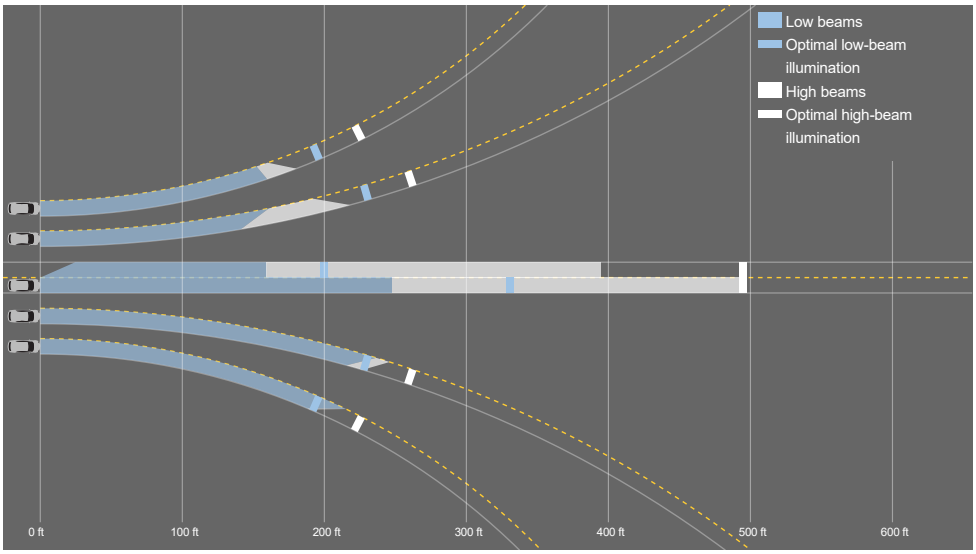

High-beam assist compensates for some limitations of this vehicle's low beams on the straightaway and all 4 curves.

▶ Technical measurements for this test

(2) Trim level(s): Latitude trim, Latitude Plus trim, Altitude trim, Latitude Lux trim, Trailhawk trim, 80th Anniversary trim

Low-beam headlight type	LED projector
High-beam headlight type	LED projector
Curve-adaptive?	No
High-beam assist?	No
Overall rating	**M**

Distance at which headlights provide at least 5 lux illumination:

Low beams

On the straightaway, visibility was fair on the left side of the road and inadequate on the right side. On curves, visibility was good on both right curves, fair on the sharp left curve and inadequate on the gradual left curve.

The low beams never exceeded glare limits.

High beams

On the straightaway, visibility was good on the right side of the road and inadequate on the left side. On curves, visibility was fair on both right curves and inadequate on both left curves.

Front crash prevention: vehicle-to-vehicle

System details

- optional Full Speed Forward Collision Warning Plus

Package name

- optional Advanced Safety Group on Latitude, Latitude Plus, Limited, and Overland trims
- optional Technology Group on Trailhawk trim

Overall evaluation

SUPERIOR
WITH OPTIONAL EQUIPMENT

Applies to 2019-22 models

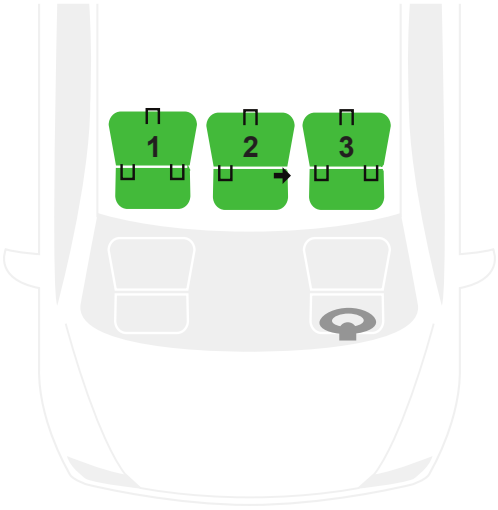

- This system meets the requirements for forward collision warning.
- In the 12 mph test, this vehicle avoided a collision.
- In the 25 mph test, this vehicle avoided a collision.

Child seat anchors

Rating applies to 2019-23 models

Overall evaluation	**G** + extra LATCH positions
Vehicle trim	Latitude
Seat type	cloth

This vehicle has 2 rear seating positions with complete child seat attachment (LATCH) hardware. It has 1 additional seating position with a tether anchor, a single lower anchor and the ability to borrow the second anchor from another position. Note: When anchors are borrowed, they aren't available to use in their designated positions.

G Good

A Acceptable

Details by seating position

1 **Tether anchor**

easy-to-find location

no other hardware could be confused for anchor

Lower anchors

not too deep in seat

not too much force needed to attach

easy to maneuver around anchors

2 **Tether anchor**

easy-to-find location

no other hardware could be confused for anchor

M Marginal

P Poor

☐ Seating positions that rely on borrowed lower anchors or have only a tether anchor available are not rated.

Tether anchor

Lower anchors

Lower anchor(s) can be borrowed from adjacent positions(s)

■ No hardware available

Lower anchors

1 dedicated anchor and 1 that can be borrowed from seat 3

not too deep in seat

not too much force needed to attach

easy to maneuver around anchors

3 **Tether anchor**

easy-to-find location

no other hardware could be confused for anchor

Lower anchors

not too deep in seat

not too much force needed to attach

easy to maneuver around anchors
