# 2024 Jeep Wrangler 2 Door Review

By **Russ Heaps**
Updated January 30, 2025

## Pros

Outstanding off-road chops
Unmistakable styling
Excellent resale value

## Cons

Unrefined on-road ride and handling

## What's New?

Design updates
Comfort improvements
New trims

The Jeep Wrangler is a legend for good reasons. It's one of the most capable off-road SUVs money can buy, and it has a distinct aesthetic that makes it instantly recognizable. Plus, Jeep makes a plug-in hybrid (PHEV) version featuring up to 22 miles of all-electric range. An update for 2024 brings a refreshed look inside and out, new tech features like a 12.3-inch touchscreen, and even greater capability. However, it retains what we love about the Wrangler with 2-door and 4-door body styles, removable roof options, and an outstanding track record for resale value. Its closest competitor is the equally adventurous Ford Bronco.

## 2024 Jeep Wrangler 2 Door Depreciation

Annual Depreciation is an estimation of what your vehicle's value might be over time based on an average of similar vehicles. Estimations are calculated by comparing Kelley Blue Book Private Party Values of vehicles similar to yours over time, as well as forecasts from Manheim Auction data comparing current and projected auction values against current Kelley Blue Book Private Party and Trade-In Values. This is not a guarantee of actual depreciation. Local weather conditions, market factors and driver performance will also impact your vehicle's actual depreciation.
