2024 Chevrolet Silverado 2500 HD Crew Cab Review

By **Colin Ryan** ⓘ
Updated January 30, 2025

Pros

- Strong as an ox
- Great trailering tech
- Excellent diesel engine

Cons

- Max towing/hauling figures don’t offer bragging rights

What's New?

- Revised styling & cabins
- Gutsier diesel engine
- 10-speed transmission

The 2024 Chevrolet Silverado HD sits at the top of a venerable range of Chevy trucks. The three-quarter-ton 2500 model and one-ton 3500 model offer outstanding towing and hauling capabilities with a choice of two V8 engines; gas or diesel. It gets some nice improvements for the 2024 model year, like an aesthetic refresh, more tech, a stronger diesel engine, and an off-road-ready ZR2 model.

The Chevy Silverado HD competes with the Ford Super Duty and the Ram line of heavy-duty trucks.

2024 Chevrolet Silverado 2500 HD Crew Cab Depreciation

Annual Depreciation is an estimation of what your vehicle's value might be over time based on an average of similar vehicles. Estimations are calculated by comparing Kelley Blue Book Private Party Values of vehicles similar to yours over time, as well as forecasts from Manheim Auction data comparing current and projected auction values against current Kelley Blue Book Private Party and Trade-In Values. This is not a guarantee of actual depreciation. Local weather conditions, market factors and driver performance will also impact your vehicle's actual depreciation.

2024 Chevrolet Silverado 2500 HD Crew Cab Safety

Safety Features & Technology

Forward collision warning with automatic emergency braking

We're pleased to see this feature as standard in every 2024 Silverado HD truck, which is also enhanced by pedestrian detection. It was optional before.

Blind-spot monitoring

Up until the 2023 version, this was optional in most trims and standard in the top High Country model. We're expecting something similar for 2024. There is the addition of blind-spot monitoring that takes in the entire length of any trailer that might be connected.

Rearview camera mirror

This should be offered at some point in the 2024 Silverado HD range. It provides the driver with a clear view behind the truck, without being obscured by things like passengers' heads or cargo.
